Dana Shanower, Training Director

Dear Brother/ Sister:

The Joint Apprenticeship Training committee will be conducting classes for all members of Local Union #94. These classes will be held on Monday, Tuesday, Wednesday or Thursday evenings from 5:00 to 8:30 P.M.

The following classes will be available to all interested members:

- Course #1: Training in all types of welding; Stick, Downhill, Tig, Mig and Aluminum pipe welding.  
Length of class –
- Course #2 Certification and Recertification on backflow prevention devices. Length of class for certification – 10 weeks; recertification – 3 weeks. (ALL classes must be attended to take the certification test.) Cost of the certification class is \$ 175.00. Cost of the 3-year re-certification is \$75.00
- Course #3 OSHA 10 hour Length of class – 3 weeks (This is now MANDATORY to work at the Timken Co).  
Note: steel toe work boots have been made mandatory also at the Timken Co.
- Course #4 OSHA 30 hour Length of class - 10 weeks (This is now MANDATORY to work in Local # 120 jurisdiction
- Course #5 Industrial Instrumentation Certification Length of class- 40hrs
- Course # 6 Medical Gas Certification. This class is being offered to Journeymen so they may obtain a Certified Medical Gas Installers card. Law in Ohio requires anybody performing Med Gas work to have this Cert. Length of class – 32 hours. A \$ 108.00 fee is required to attend this class. Make your check out to the Local # 94 JATC. A \$21.50 semi annual recertification fee is required to maintain your certification
- Course # 7 Orbital Welding Must have a manual GTAW cert to take this class. Length of class - 24 hrs
- Course # 8 Principles of tube bending. This class will cover all the principles required to become proficient at bending tubing. This class will utilize hand benders for the hands on projects.
- Course #9 Plumbing Code. This class will help prepare individuals to take the Canton Journeyman test.
- Course # 10 RRP (Renovation, Repair and Painting. This class will certify the individual in the safe handling of Lead Based paint that one encounters on jobsites.
- Course # 11 Crane Signal Person Accreditation. An intensive crane signaling and proper techniques class used when dealing with cranes. A NCCCO accreditation will be given by members successful in passing the class.

We encourage all members to take advantage of these classes to upgrade your skills.
